AGORA  
LEARNING  
PARTNERSHIP

Work together, learn together, succeed together

Tuesday 14<sup>th</sup> July 2020

Dear Parents and Carers,

Thank you for all of your support over the year, particularly over this last difficult term. We would like to continue to support families with home learning over the summer holidays by setting a project for the children to complete.

Over the summer holidays the children will need to decide upon a topic that interests and inspires them to create a presentation to share with their peers during the first week back at school. There are many possibilities for what the presentation could look like. For example, your child could create a PowerPoint presentation about their topic, or if your child is very creative then they could produce pieces of artwork to share and talk about.

Children in Key Stage One will have 5 minutes each to present their summer project to their peers and children in Key Stage Two will have 10 minutes each to present their summer project to their peers. There will also be the opportunity for them to answer any questions that their peers have. It would be extremely beneficial for the children to rehearse delivering their presentation at home before they come back to school so that they can work on giving eye contact, using a loud, clear voice and also standing confidently in front of others.

If you have any questions please do not hesitate to contact the school using the contact form on the school website.

We look forward to hearing what the children decide to complete their presentation on. Maybe they'll teach us some new things too!

Best wishes,

Mrs Harrop  
*EYFS/KS1 Phase Leader*
